State Librarian CRITICIZES PLAN TO DELAY TRIALS

Taking Case Today as Example,
Judge Asks Attorneys Not to
Use Change of Venue Scheme.

HAS PRIDE IN COURT HERE

Says he Finds Law is Practiced Dif-
ferently in Rushville Than
Elsewhere in State.

The practice of filing motions for a change of venue, simply for the purpose of delay, was severely criticized by Judge Sparks this morning in circuit court when a motion for a change of venue was filed in the case of the Greeley Stone Company against Dennis Bush and the Equitable Surety Company, on a bond in which \$1,600 is demanded.

This case was set for trial today and when the case was called the motion for a change of venue was asked. The attorneys for the Greeley Stone Company objected to the change being granted and finally won out as Judge Sparks overruled the motion.

Judge Sparks stated that the practice of filing motions of this kind simply to prevent the trial of the case was general in practically every circuit court in the state and added that it should cease. Judge Sparks stated that his remarks were not simply for the attorney filing the motion but for all members of the bar as each had practiced this more or less.

There is a rule in court that prevents the filing of motions for changes of venue within five days of the date set for trial and as the motion filed this morning was made on the very day that the case was set for trial, it looked to the court as though it was simply for the purpose of delay.

"I believe," said Judge Sparks, "that you attorneys owe it to yourselves and to the county to prevent this change of venue business where the change is made to prevent trial. I pride myself very much in the Rush circuit court and this has increased more than ever lately as I find we practice law here differently than they do in some places."

The case was to be heard this afternoon and it was likely that the defendant, asking for the change of venue, would allow judgement to be taken. B. F. Miller, one of the attorneys for the defendants, stated that an appeal would be taken following the returning of judgment.

In the case in question none of the parties reside in Rush county. Greeley is a resident of Shelby county, Dennis Bush is a resident of Indianapolis and the surety company maintains its head office in St. Louis. For this reason it could hardly be true that the plaintiff Greeley had an undue influence over the citizens of this county, it was stated.

Serbian Invaders Are Being Steadily
Driven Out.

(By United Press.)

Athens, Nov. 9.—The French and British are pushing the Bulgarians in southern Serbia steadily to the northward today.

The Bulgarians have made a number of attacks but nowhere have they checked the allies advance. In attempting to accomplish this at Krilovak, they lost very heavily.

LITTLE GIRL BADLY BURNED

Della Parmer, 7 Years Old, Former-
ly of Rushville, Seriously Hurt.

Mrs. Albert Horr has received word from Aberdeen, South Dakota that Della Parmer, seven years old, formerly of this city, was seriously burned while at school at Aberdeen. The teacher set fire to some dry grass and the little girl's clothing caught fire. Her dress was quickly consumed by the flames and her hair was burned off. She is in a serious condition. The Parmer girl is the daughter of Mrs. Gertrude Kronmeyer, formerly of this city.

SENTENCE FAILS TO REFRESH MIND

Tom Swannagan Can't Remember
Who Sold Him Whiskey After
he Gets 60 Days at Farm.

HE'S FINED ON TWO CHARGES

A penal farm sentence did not refresh the memory of Tom Swannagan and he refused to tell Mayor Behout the name of the "bootlegger" who sold him a pint of whiskey. He was fined \$5 and costs for being drunk and a similar sum for beating his wife. To this last fine was added sixty days at the penal farm. The sentence was suspended, however, and Swannagan was given until to-night to settle his fines. It was believed he would make arrangements to pay the amounts.

The neighbors of Swannagan, it was stated, have complained to the police on numerous occasions. It is claimed that every time he gets intoxicated he mistreats his wife and Mayor Behout decided to put a stop to it. Swannagan admitted that he bought his booze of a "bootlegger" but could not remember the man's name.

MEETING TO CLOSE WITH AN ELECTION

Selection of Officers and Next Meet-
ing Place Last Thing For W.
R. C. in Convention Here.

EIGHTY ARE PRESENT TODAY

The annual district convention of the W. R. C. will close here late this afternoon with the election of officers and the selection of the next meeting place. At noon today no city had asked for the next convention and it is not known where it would go next year.

The morning session was spent in hearing the reports on the year's work in the various corps. Mrs. Cornelia Lyons, president of the local corps, delivered the address of welcome. The district president, Mrs. Clate Scott of Richmond, also delivered an address. This afternoon the usual inspection took place.

About eighty visitors were present at the meeting and all of the corps in the district were represented.

STANDING AT BAR: SHOT.

(By United Press.)

SHORT COURSE IS TO BE TRIED HERE

Decided to Perfect Organization
Suggested by G. M. Frier and
Begin Work at Once.

IMMENSE AMOUNT OF WORK

G. M. Frier, Who Addressed Meeting,
Explains What is Expected
of the Community.

An organization will be perfected at once to bring a Purdue Farmers' Short Course to Rush county this winter. A meeting was held in the court house assembly room Monday afternoon and although the attendance was not large, it was decided that a short course should be attempted.

A motion was adopted that the chairman of the meeting, E. B. Thomas, should appoint a committee of three, he to be a member of the committee, which should act as a committee on committees. It shall be the duty of that committee to name the necessary committees and see if they will act in the capacities requested.

The committees will not be appointed by the general committee until G. M. Frier, who is in charge of the Purdue short courses, sends Mr. Thomas a list of the committees required and the duties of each committee.

It is proposed that the committee appointments shall be made by November 27 or near that date when Mr. Frier will return here and meet with the committees and instruct them as to what may be expected of them.

Mr. Frier was here yesterday and addressed the meeting on the purpose of the short course, what it consisted of and what was expected of the community.

Although it can not be ascertained now what the date will be, it is probable, Mr. Frier said, that the short course would take place here the latter part of January. It will be of three days' duration. It is impossible to fix the dates until other courses are arranged because the courses have to be routed over certain districts of the state so that the transportation expenses of instructors and live stock will not be any greater than necessary.

There are five or six departments to the short course. Mr. Frier explained. The majority of these departments are running at the same time during the day so that the farmer may attend any class he cares to in order to get any special knowledge he desires.

Between classes, Mr. Frier said, lecturers of a general character are held for all of the persons attending the short course. The night sessions are for all persons and are of such a character that they will be of interest not only to farmers but to city people as well.

Mr. Frier made it known that a number of different rooms would be required because several classes will be in session at the same time. A large place where live stock can enter will be required for the judging contests. This is expected to be one of the interesting things of the course.

"The farmers' institutes," he said, "are of immense value, but the short course is an entirely different thing. The farmers institutes, although they are addressed by the best persons in their respective lines, are all talk. The farmers' short course is largely practical. There are lectures but the facts brought out are illustrated and demonstrations are present to impress the lesson."

Mr. Frier said that whereas in-

COMPLIMENTING HIM NOT ENOUGH

Evangelist J. H. O. Smith Declares
People Must be Born of Water
And The Spirit

MUST DIE TO SIN, HE SAYS

Be Buried With Christ by Baptism
And Rise to New Life—Ser-
vices at Christian Church

"Complimenting Jesus is not enough," declared the Rev. J. H. O. Smith at the Main Street Christian revival services last night. "We must be born of the water and the spirit. The conditions are so simple that a child can understand. We die to sin, be buried with Christ by baptism unto death and rise to walk in newness of life. It is with us whether we will be saved or not. God is ready to save. Christ has provided redemption for all. It is ours to accept the terms and obey."

Although Monday night's meeting was the second of the series, the interest was at a high pitch. The Rev. H. H. Saunders, singing evangelist, led the singing in a masterly fashion, arousing the congregation to spirited singing. He is pronounced by those who have heard him to be one of the best song leaders ever in Rushville.

J. H. O. Smith speaks from a rich fund of knowledge gathered by wide experience and careful study, and his sermons are being greatly appreciated. Last night he spoke from the text Rom. 10:13, "Whosoever calleth on the name of the Lord shall be saved." He said in part:

"We are all the subjects of more or less prejudice. When Farmers' Institutes were first held the good old farmers said that the dude college professors knew nothing about farming. In those days a farmer almost considered it an affront if you advised him about the rotation of crops, diversified agriculture and scientific farming. So in religion,

"The text does not mean that whosoever says 'Lord, Lord' shall I be saved. Jesus said, 'Not every one who saith unto me Lord, Lord shall enter in.' 'Why call ye me Lord, Lord and do not the things that I say unto you.' Many shall say unto me in that day Lord, Lord have we not prophesied in the name and in thy name done many wonderful works and I shall say I never knew you."

"Again it does not mean praying alone. I will cite a case. Cornelius (Acts 10.) was a devout man and feared God with all his house. Men you must accept that responsibility. You are the head of the house. He gave much alms to the people and prayed to God always. He saw an angel who said, 'Cornelius your prayers and alms have come up before God as a memorial. Send men to Joppa and call for one Simon who lodgeth with one Simon whose house is by the sea side and he shall tell thee the words whereby thou and thy house shall be saved.' When the apostle came and explained the word of the Lord, the Holy Spirit descended upon them that heard the word as it did on Pentecost. It was a baptism of the spirit which was always attended by miracles. They spoke with tongues. The gift of the Holy Spirit is promised to the Christian. It is given to those that obey Christ. Peter commanded them to be baptized, saying, 'Who can forbid water that these should be baptized seeing they have received the Holy Spirit as well as we.' The miracle of tongues was evidently to convince the apostle that the Gentiles were also to be saved."

"Another instance. Saul of Tar-

NEWMAN BOY UP IN COURT

Says he is no More Guilty Than His
Companion of Robbery.

Bert Newman, who has been held in jail for some time charged with burglary in the second degree, in connection with the robbery of the garage at the home of Dr. Will Smith in North Main street, will face the court and a jury Thursday morning. Newman was brought up before Judge Sparks this afternoon and questioned again. Newman says he is guilty but not any more so than the other boy who was with him. Judge Sparks appointed Wallace Morgan to defend the boy and set the trial for Thursday.

DECLARES SHE WILL NOT RESIGN

Mrs. S. C. Stimson Says Fight to
Remove Her is War on Church
And Temperance Element

IS ASKED TO WITHDRAW

(By United Press.)

Terre Haute, Nov. 9.—Mrs. S. C. Stimson declared today that she positively would not resign from the board of the Women's Franchise League of Indiana and in so doing said that her opponents in the League were friendly with the "non-church and liquor forces."

"I certainly do not intend to resign from the board," said Mrs. Stimson. "This is a fight of the non-church and liquor forces against the church and temperance forces."

The board, in session in Indianapolis, Monday voted to ask Mrs. Stimson to withdraw from the board. The utmost secrecy was maintained regarding the meeting.

PAYS FINE FOR STRIKING WIFE

Will (Sorrel) Moore Arraigned in
Connersville Today After Trouble
There Monday.

ARRESTED AT HIS HOME HERE

(By United Press.)

Connersville, Ind., Nov. 9.—Will (Sorrel) Moore of Rushville was fined one dollar and costs in police court here today for assault and battery on his wife. The trouble occurred late yesterday afternoon at the home of a family named Cash in Columbia Avenue. The two had a quarrel and in the mix-up Moore struck his wife. She was badly beaten on the face and head. Moore paid his fine.

Following the trouble in Connersville "Sorrel" Moore came to his home in North Morgan street. The local police were notified to arrest Moore and when they went to his home they were refused admission and it was necessary to break in the rear door. Moore was found hiding under the bed. According to the local police, the fight was the result of some domestic difficulties between Moore and his wife. Moore spent the night in the jail here and was taken to Connersville this morning.

John W. Tompkins has filed suit on a note demanding \$80 against Daniel McPherson and William McKee.

STATE OFFICIAL EXPIRES TODAY

Attorney General Richard Milburn
Dies in Methodist Hospital in
Indianapolis Today.

GOVERNOR WILL APPOINT

His Strenuous Campaign is Believed
to Have Brought on Leakage
of Heart.

(By United Press.)

Indianapolis, Ind., Nov. 9.—Attorney General Richard M. Milburn, age fifty years, died today in the Methodist hospital of leakage of the heart. Though he had been ailing for some time his death was sudden. The attorney general was elected on the Democratic ticket and had a year and two months yet to serve.

Mr. Milburn became seriously ill late yesterday and was taken to the hospital. He conducted a very vigorous speaking campaign, stumping the entire state before his election and at his office the opinion was expressed today that his death was undimmed at that time.

Milburn's home was in Jasper, Dubois county. He moved to Indianapolis following his election. He was one of the best known lawyers in southwestern Indiana. He at one time represented Dubois and Daviess counties in the state senate.

The vacancy caused by his death will be filled by appointment by the governor, which may be made at any time. The governor is at present in Ohio.

Milburn continued his activities despite repeated warning from his doctors.

He is survived by the widow and five children. The body will be sent to Jasper tomorrow and the funeral will be held there at two p. m. Thursday.

Attorney General Milburn was well known among the Democrats here. It will be recalled that he made a speech at a Democratic meeting in the court house here during the campaign of 1913, following an automobile tour of the county.

"BADGER GAME" CASE DISMISSED

Appears That Similar Criminal Ac-
tions at Tipton Will Follow the
Same Course.

BLACKMAILING IS CHARGED

(By United Press.)

Tipton, Ind., Nov. 9.—When the case against Mrs. Viola Allenbaugh, indicted for complicity in the murder of Walter Varner, was dismissed today, the second day of the trial, for lack of evidence, it was indicated that all of the so-called "badger game" cases would take the same course. The trial of Mrs. Cora Robertson, charged with murder in the first degree, will be called next term.

The state alleged that Varner was killed when he refused longer to be a party to a plot to blackmail Tipton county men. The state has had difficulty in persuading men to take the stand.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

A Lesson from the Past

Years ago, before baking powders were so well known, the housewife sometimes made her own from cream of tartar and soda.

These materials were then comparatively expensive and processes of refining had not been devised to bring them to the high state of purity of the present-day well known cream of tartar baking powders, such as Royal; and yet she never thought of buying alum, then as now a cheap and inferior substitute for cream of tartar. She wouldn't think of permitting an ounce of alum to enter her kitchen.

Yet housekeepers are to-day asked to buy alum baking powders with which to make food for their children.

The statement on the label affixed to every can naming the ingredients of which the baking powder is composed affords a method of protection against the use of undesirable kinds.

A regular Knights of Pythias dance will be held at the Knights of Pythias building Thursday evening. Ernest Sumner's orchestra will play. It is announced that as an added feature there will be an old-fashioned quadrille to the music of a fiddler as it was played in the days gone by. The dance will be open to all Knights of Pythias and their families and sojourning members of the lodge.

Amusements

The Princess will show a four act drama "The Way Back" for the program tonight. Miriam Nesbit, Frank McGlynn and Robert Brower are featured. It is a story of a woman where her life ranges from a rich respectable woman to a comrade of a crook. The story is said to be full of dramatic situations and it is an very interesting picture. Tomorrow, matinee and night the first chapter of the wonderful story "Neal of the Navy" will be shown. The story is in fourteen chapters and the scenes are really enacted on board of battleship.

The Gem offers the seventh chapter of "The Broken Coin" for the first picture tonight. It is said to be a mixture of comedy and drama and is one of the best episodes shown thus far. The other picture is a two reel wild animal comedy entitled "Joe Martin Turns 'em Loose." Tomorrow, matinee and night the big five reel comedy treat "Mrs. Plumb's Pudding" will be shown. The widow goes to market one day and comes back to find an oil well gushing up on the spot where her shack had stood half an hour before. Marie Tempest, the famous English comedienne, enacts the role of the widow and is supported in the five-reel side-splitting farce comedy by Ed- die Lyons, Lee Moran, Jean Hathaway, Violet MacMillan and W. Grahame Browne, who is to be starred on Broadway this Fall by the Charles Frohman Estate. Al Christie, the Universal director staged the production, employing most of the regulars in his Nestor comedy company.

IT STILL PAYS.
It still pays to advertise, especially in the Daily Republican. It has happened, fortunately, that all lost money advertised in the classified column of the Daily Republican recently has fallen into the hands of honest persons. The moral is that if you lose your money, advertise the fact in the Daily Republican. Chase Brooks lost \$6—a five-dollar bill and a one-dollar bill. Michael O'Reilly found it and advertised that he had found it. Mr. Brooks identified it, but Mr. O'Reilly would accept no reward. Mrs. W. O. Headlee lost \$8 in paper money and it was found and returned to her. A son of Mr. and Mrs. Jess Pugh lost his glasses, they were advertised and the finder returned them. A Shelbyville traveling man lost his automobile license number. He advertised his loss. The number was found and he can get it by calling at the Weeks Fresh Meat & Provision Company's abattoir.

FIRE ON THE FRENCH LINER IS PUT OUT

Rochambau is Proceeding on Her Course, According to Wireless Received Today.

APPREHENSION IS REMOVED

(By United Press.)
New York, Nov. 9.—The fire aboard the French liner Rochambau has been extinguished and the vessel is proceeding on her course to Bordeaux. A wireless message to officers of the line from Captain Juham brought this word today.

The message was timed six o'clock today. It was the first word from the burning liner since the captain wirelessed yesterday afternoon that fire had broken out in the reserve bunkers and that it might be necessary to put into Halifax.

UNKNOWN TRAMP INJURED

Says That Three Other "Bums" Attacked Him While Riding Freight.

A tramp whose name was never learned was beaten by three other "knights of the road" whom he said he did not know, while the quartet was riding on a Big Four freight near Carthage. The tramp came here late yesterday evening and Dr. W. S. Coleman dressed his injuries. The tramp said the unknown wayfarers asked him if he had any money and then one of them struck him in the face. He declared that he escaped by leaping from the train. He first told his story at the Big Four depot here and attaches of the Big Four said he was carrying some money.

PLEA FOR CLEMENCY MADE

Sought to Shorten Terms of the Dynamite Conspirators.

(By United Press.)
Washington, Nov. 9.—A personal plea was made to President Wilson for clemency in the cases of Frank Ryan, former president of the structural iron workers, now in Leavenworth prison, serving a term as one of the dynamite conspirators, and thirteen fellow conspirators.

The men making the plea were Arthur Holder of the American Federation of Labor; George Fitzgerald, of the structural iron workers union, and M. P. Alisas, of the machinists union. The men have served about one-third of their term.

Faith in this Dyspepsia Remedy
That They Guarantee It.**

One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Johnson's Drug Store, the popular druggists, has hard work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter of how long a standing. This remedy has been so unfriendly successful that Johnson's Drug Store will in future sell Mi-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory.

the contentions of those opposed to it:

All parties are getting a practical demonstration now of the general primary election law wished onto the Democrats by Bryan, Senator John W. Kern and others last year. Representative William A. Cullop, who sought the removal of the primary election test suit from his own county, may include himself in this list if it gives any comfort, but it is evident that most of the men who take an active part in politics are not pleased over the situation.

It may as well be set down right here that the candidates for Governor and Senator who are not able to cut a wide swath financially are not liable to get very far in the future in this grand old commonwealth. The successful Republican candidate for Governor next year will be obliged to put up at least \$25,000 if he has to spend a cent.

It happens that James P. Goodrich and Warren T. McCray are men of considerable wealth. They have headquarters here that must be kept open for at least five months. They have managers, assistant managers and a rapidly growing corps of lieutenants who are traveling from county to county.

They are spending hundreds of dollars sending out letters and literature. McCray already has had an advertisement in most of the state papers, and he is just starting on that line. Later there will be other heavy expenses. Right now lots of money is being spent by the leading candidates making their county organizations.

What it will cost them to get out the vote would go a long way towards financing a state campaign. A poor man will stand a "fat" chance landing a nomination if he happens to run against those who have the coin and are willing to spend.

Among the senatorial candidates Hugh Th. Miller has headquarters here at a leading hotel. He has a force of assistants that is increasing in size. He is advertising in the papers and writing thousands of letters. James E. Watson is flying around the state from place to place. He has his managers and assistants and later they will open headquarters.

This is a real illustration of the "back-to-the-people" system advocated by the political highbrows who said that the masses had the heartache the year around because they couldn't participate in nominating the tickets. And the day the Democratic State Convention adopted the primary election planks Senator Kern "lowed that a man could make a successful race for the senatorial nomination on \$300. He could if there was no opposition.

FOR VIOLATING AUTO LAW

**John Ward is Arrested Today on
Two Charges.**

John Ward was arrested on two charges of violating the automobile law this afternoon. The charges against Ward were filed by William Dugan, driver of a milk wagon. He charges Ward with exceeding the speed limit and with failure to drive to the right in making a turn at a street intersection. It is understood that Dugan charges Ward with running his automobile into the milk wagon. The charges were filed before Mayor Bebout.

FINED FOR TRESPASS.

Omer Smith was fined five dollars and costs on a trespass charge yesterday afternoon by Mayor Bebout. Smith's parents live on the Harry McMillin farm near Gings, and it was alleged that every time Omer Smith went there he carried booze for his father. To keep him off the place the trespass charge was filed. The fine was suspended on condition that Smith remain away from the McMillin farm.

**At last—a Hot-Air Heating System
that everyone can afford!**

HERE it is at last—the thing that everyone has been looking for. A heating system that works as thoroughly and satisfactorily as the best small hot-air furnace, yet costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

Thousands of people everywhere have already installed it—all over the country people are proclaiming it "The Heating Marvel of the Age."

**The diagram shows
how it works**

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and discharged—not through the flue and chimney, but through the top of the hot-air chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

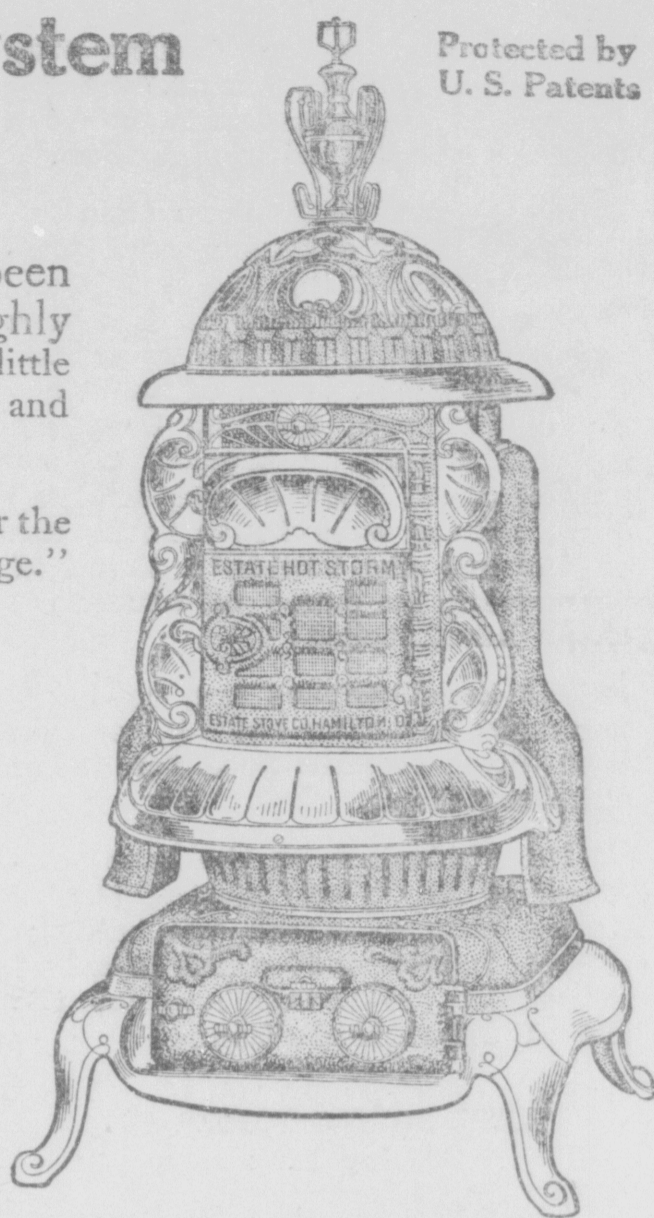

**Estate
Hot Storm**

—the Stove with a
"Little Furnace" in it
is two heating systems in one—not a stove, not a furnace, but a combination of the best features of both. It sets in the room like a stove, its exterior looks like a stove but there the similarity ends. For its interior is utterly different from any stove you have ever seen—inside it is built like a hot-air furnace.

We want every prospective heating stove purchaser in this locality to inspect the Estate Hot Storm at our store—to give us an opportunity to explain it—before buying a stove of any kind. You owe it to yourself to do this—and to do it soon.

**GREEKS' BEHAVIOR

Pro-Germanism is Growing in
Athens and There is Danger
Greece May Not Stay Neutral.

STRONG COURT INFLUENCES

(By United Press.)
London, Nov. 9.—The behavior of Greece is beginning to alarm the allies.

Pro-Germanism is growing at Athens. Inside information today is that the Greeks may not even stay neutral. There are hints of an understanding with Bulgaria.

The people perhaps are still with the allies but even this is not certain. Strong court influences have been brought to bear and unquestionably it has produced some impression. More than anywhere else, it has been effective among the army officers.

Hampered by the Venizelos majority in the parliament, King Constantine was rumored this afternoon to be on the verge of carrying out his earlier plan to dissolve the legislative body.

This would leave the Skouloudis cabinet in office until an election can be held and in the meantime the best the British and French can expect from Greece in connection with their Balkan campaign will be "very benevolent neutrality," which was announced was this minister's attitude toward them.

Men high in the government here think this probably accounts for King Constantine's defiance of Ex-Premier Venizelos, the war party leader. The theory here, at the time, was that Constantine was running grave risks of a revolution in disregarding constitutional precedent, considering that Venizelos won the last popular election. The suspicion now is that the king believes there has been a change and that another election might result differently.

COMPLIMENTING HIM NOT ENOUGH

Continued from Page 1.

was prayed for three days after Christ told him to go to Damascus where it would be told him what he must do. When the preacher came he said, 'Why tarriest thou, arise and be baptized calling on the name of the Lord.' If calling on the name of the Lord does not mean saying, 'Lord, Lord' and does not mean praying alone what does it mean?

"When Hannibal was invading the Roman Empire Scipio was in command of an army which went over and besieged Carthage. He pressed the siege with such vigor that Carthage was compelled to sue for peace. An embassy was sent to Rome to ask for terms of peace. The Roman senate said call on the name of Scipio. They understood, went back and asked Scipio for terms. He demanded that they recall Hannibal, burn their fleet in the presence of the city, pay so much tribute into the coffers of Rome and so much annually for so many years. Carthage would not accept the terms and later the Roman eagle swept through the city and trampled it beneath the triumphant power of Rome.

"When a man asks God upon what terms he may have forgiveness and peace God says 'Call on the name of my Son.' What terms does he submit? Read the great commission. Matt. 28, Mark 16:16, Luke 24:48, John 20. Repentance and remission of sins were to be preached in the name of Jesus among all the nations and to every creature. 'He that believeth and is baptized shall be saved and he that believeth not shall be condemned.' The Son of God who has all authority in Heaven and earth joined faith and baptism by the conjunction and, what Christ has joined together let not man put asunder."

United Presbyterian.

"The work to which God's people now are called is the evangelization of the world and the salvation of souls," declared the Rev. S. R. Jamieson of Oxford, O., who is conducting a revival at the United Presbyterian church. "It is a great work. It is a most important work, for souls are being lost when God is willing to save, but who need the human touch to bring them to Jesus' church. God saves men by means of men."

"Be Strong and Work" was the theme of the Rev. Mr. Jamieson. His text was taken from Haggai, 2:4: "Be strong all ye people of the land, saith the Lord, and work for I am with you, saith the Lord of Hosts." He explained these words were first spoken unto Jesus after he returned to Jerusalem from Babylonian captivity. The special work to which the people of that day were urged was the rebuilding of the walls of Jerusalem and the rebuilding of the temple of God.

"God uses weak human instruments," he continued, "that the power may be manifestly of God. When he wanted to bring the millions of slaves out of Egyptian bondage, he did not send a great army, but one man, Moses.

"In the taking of Jericho, Captain Joshua and his men marched around the city seven days blowing rams' horns. When the army of Israel was defied by the Philistine giant, a mere youth, armed only with a sling and a few pebbles went out and slew him. What was the secret of Moses' success, of Joshua's success, of David's success? The fact that Jehovah was with them. And He has promised to be with us today if we go forth to His work depending upon Him for power. He says to us 'Be strong all ye my people and work, for I am with you.' Let us give ourselves, just as we are, with just

what equipment we have to the Lord for His work and He will use us for His glory."

The subject for the 2:30 meeting this afternoon was "Conditions for Securing a Revival." The topic at 7:30 this evening will be "Can I Know Whether or Not I Am Saved?"

DOCTOR WANTS RHEUMA FORMULA

An Old-Time Patient Claims Great Benefit From its Use.

The following is clipped from a medical journal of May, 1914, page 166 (name on request): "An old-time patient of mine just informed me that he treated with number of physicians and patent medicines for rheumatism for the past two years without obtaining much relief until taking a preparation called 'Rheuma,' and after taking two or three bottles he claims almost a complete cure. Can you tell me what the formula is?—T. A. M., M. D., Missouri."

Rheuma is manufactured only by the Rheuma Co., Buffalo, N. Y., and is sold by Johnson's Drug Store and all other druggists.

Cases like the above are numerous, for many users of this great remedy for rheumatism and find it reaches the disease through the blood, kidneys and bowels, and cleanses the system of the poisonous uric acid sediment.

Nine out of ten persons have this dread disease

Pyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. ACTIVITY SEEN IN COURT AGAIN

Judge Sparks Resumes Bench and Action Taken Today in Number of Civil Cases.

NEW CALENDAR IS MADE OUT

First Two Days of November Term Will be Devoted to Criminal Business—Many Divorce Cases.

Judge Will M. Sparks resumed the bench in his own court today after an absence of almost three weeks spent in Richmond where he acted as special judge. Judge Sparks spent the morning hour calling the docket. Practically all the attorneys of the local bar were present.

The case of the Farmers Trust Co., administrator of the estate of Rachel Foust, deceased, against Charles H. Foust, to recover rental in which the demand was \$8,000, was dismissed at the costs of the trust company. The case was one of the oldest on the docket. It was filed on November 21, 1912 and has never been tried.

A motion for a new trial was filed in the malicious prosecution suit of Otis S. Johnson against John A. Gray. When the case was tried the jury returned a verdict for Johnson in the sum of \$350.

Judge Sparks overruled a motion for a new trial in the case of William P. Lucas against Alpheus P. Walker. The suit is for labor performed and when tried the jury gave Lucas the sum of \$62.25 of a total demanded of \$150.

The case of Charles F. Pritchard against Clifford and Curtie Cheever was dismissed at the costs of the defendant. The case was sent here

on a change of venue from Decatur county.

The case of Albert L. Winship against S. Harry Colter and O. S. White on a note demanding \$150, was dismissed and the costs paid.

Judge Sparks has completed the court calendar for the first four weeks of the November term of court, which starts next Monday. The first two days of the term, will be taken up with criminal cases. The case against Paul McConnell, proprietor of the Court House Drug store, charged with the illegal sale of intoxicating liquor, will come up next Monday.

On November 20 the court will hold divorce day. At this time five divorce suits are set for trial. The calendar follows:

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

ARE SOLVING HELP PROBLEM

Women of Montclair Have Formed a League And Worries Over Servants Will Soon be Over

WORKING OUT A SCHEDULE

School Board Establishes Free Domestic Science For Those Wanting to Take up Work

(U. P. Staff Correspondent.)

* SOLVE SERVANT PROBLEM *

* 1—Got the School board to establish free domestic science for maids and housewives.

* 2—Are writing 500 letters to housewives for data upon which to base a standard scale of servants' wages.

* 3—Plan a municipal testing station for all servants applying to housewives for work.

* 4—Seeking to classify and standardize the work of the "one maid to a family" plan most popular.

Montclair, N. J., Nov. 9.—The Housewives' league of Montclair expects that a year hence this community's servant problem, that nagbear to the women of almost every city in the land, will be solved.

Much progress already has been made toward getting plenty of efficient house help of all classes, toward standardizing the pay and the division of work for each servant. The haphazardness of these things done away with, President Mrs. Channey H. Marsh, the servant problem will be solved and the joke-smiths will lose one of their most lucrative sources of income.

Five hundred letters will be mailed today, in addition to the 200 already sent out, asking as many housewives a series of servant problem questions. Upon an analysis of the answers will be based the servants' standard of wages of Montclair. An analysis of the 200 answers already received shows that a girl doing housework, but no washing, for an average family of 5, should get \$22 to \$25 a month.

What the schedule will be for the maid who cooks, washes, makes beds, minds the babies, fires the furnace and scrubs, will be determined later. Each community, says Mrs. Marsh, should put its own servant service on an efficient basis the way Montclair is doing.

"We want," said Mrs. Marsh, "as every community should want, to pay a rate sufficient to attract capable, high-standard help; for by raising the standard of the servant, we will make life pleasanter for the housewife, husband, kiddies and the servants themselves."

"Since Supt. Bliss has opened the schools' domestic science classes to housewives and servants, the teachers have been swamped with students anxious to improve their cooking, sewing, etc."

Housewives may now catch their servants young and educate them to suit, without cost other than taxes that they pay anyhow in the public schools. A co-operative servants organization to work with the Housewives' league, may also be organized a little later.

Notice of Final Settlement of Estate.

Notie is hereby given to the creditors, heirs and legatees of Wiliam A. Wilson, deceased, to appear in the Rush Circuit court, held at Rushville, Indiana, on the 24th day of November, 1915, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

PLANS MADE FOR MANY MEETINGS

Suffrage Demonstrations to be Given Indiana Congressmen Before Departure For Washington

TO INVITE REPRESENTATIVES

Five of Indiana Delegation Voted For Bill Last Year And Four Are Returned

Indianapolis, Ind., Nov. 9.—Just prior to the departure of each Indiana congressman for Washington, he will be treated to a suffrage demonstration in his own town, according to the plan announced today by the Woman's Franchise league of Indiana.

The plan is to hold district conventions on or near Nov. 12, and in each case the convention will be held in the congressman's city. The gatherings will be representative of the suffrages farewell reminders of the wishes of the women constituents.

The program of the meetings will consist of discussion of woman suffrage as a national issue. The congressman will be invited to speak and resolutions will be adopted and presented as a train letter when the members depart for Washington. It is intended that no chance shall be left for opposition on the grounds that "there is no sentiment for suffrage in my district." It is hoped through this effort to clinch a very considerable number of new votes from members now reports open to conviction. Important gains for the National Woman Suffrage amendment are indicated, say the women.

Arriving in Washington the Senators and Congressmen will be greeted on December 14-19 by the annual convention of the National American Woman Suffrage association, with which the Woman's Franchise league of Indiana is affiliated. This convention will present to Congress the mass of resolutions adopted all over the country at the district conventions, and thus emphasize the nationwide strength of the suffrage movement.

Five of Indiana's Congressmen voted for the suffrage amendment in the last congress, four of whom are returned.

It is confidently believed, by the women, that this number will be added to in the coming session. In calling the convention in Indiana the Woman's Franchise league has asked that the program of the day include the following features.

1st Morning Session
(A) Conference on the history, purpose and policy of the league and plans for the extension of organization within the district. (B) The election of the District Chairman and the extension of organization within the district.

3rd Afternoon Session
A memorial to Elizabeth Cady Stanton whose centennial anniversary is to be celebrated. An address on suffrage, especially as an issue in congress.

4th Address by Congressmen (if obtainable)

5th Endorsement of resolutions

The resolution reads: "Resolved that we the women of the Congressional District of Indiana in convention assembled petition the congress of the United States in the name of the democratic and representative principles on which our government is based, to enact the Bristow-Mondell Resolution into law thus conferring full citizenship on the women of our country."

The women who will have charge of the convention in the several districts of the state are.

1st District—Miss Helen Lant—Evansville.

2nd District—Mrs. O. B. Harris—Sullivan.

5th District—Mrs. Edna Herr Bucklin—Brazil.

6th District—Mrs. Nellie Barnard—Richmond.

7th District—Miss Sara Lauter—Indianapolis.

8th District—Mrs. J. R. Marsh—Muncie.

9th District—Mrs. Alice E. Waugh—Tipton.

10th District—Mrs. W. J. Jones, West Lafayette.

11th District—Mrs. W. B. Platt—Huntington.

12th District—Mrs. Olaf N. Guldin—Fort Wayne.

13th District—Dr. Hannah O. Stanft—Elkhart.

Women Should Take Warning.

If the statement made at a New York Assembly of women that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition. (Advertisement.)

THE MOST DISTRESSING SIGHT IN THE WORLD

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to see someone trying to get along without A GOOD STORM BUGGY. If you knew how warm one of my storm buggies would keep you, how well they are made, now nice they look, and what a general comfort they would be to the whole family, you certainly would own one before the end of the week. I have used special pains to obtain a line of storm buggies that have all the little things that make them desirable, quality and style together with a comfortably designed cushion and back, easy riding springs, fine finish and the best of material throughout, are some of the essential things found on them and you are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you the detail construction of these buggies at any time. The construction of a STORM BUGGY makes lots of difference in the draft and I will explain to you why these buggies are lighter draft than others. It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't. Now is the time to get ready for winter, SO DO IT NOW.

MUCH ROMANCE IN THIS AFFAIR

Cupid Fairly Outdid Himself in Scheming for Claiborne Foster and Lieut. Cresap

HE IS AN OFFICER IN NAVY

Actress Comes From Southern Family And They First Met at Tea on Ship Board

(U. P. Staff Correspondent.)

New York, Nov. 9.—Romance and Cupid fairly outdid themselves in scheming the love affair which culminated in the marriage here today of Miss Claiborne Foster, southern belle and Broadway favorite, to Lieut. James McDowell Cresap, U. S. N., in St. Saviour's chapel at the Cathedral of St. John the Divine.

They met two years ago at a tea aboard the U. S. N., Florida. She, 19, a Broadway actress as well as an F. F. V. by virtue of being descended from Lydia Boggs, the revolutionary heroine of Virginia, was known to him only as Miss Foster. "a nice enough sort" and the daughter of Mrs. Eleanor Foster-Comegys. She didn't mention "actress" nor "F. F. V." He didn't suspect. So they went their ways and that was all there was to that.

Last spring Lieut. Cresap left his post on the destroyer Balch one evening and started to see "A Full House" at the Longacre. In the leading woman he recognized Miss Foster of the Florida tea party who, he remembered being told, was "such a favorite with the old Southern families that have settled in New York."

So Lieut. Cresap busied himself among the "old Southern families" where he would be apt to renew his acquaintance with "Miss Foster," and it came to pass that he did so renew his acquaintance, which did not remain "acquaintance" for long.

Lieut. Cresap was one of the landing party at Vera Cruz. Until 6 years ago Miss Foster was an unassuming little girl in Shreveport, La., who had no idea that she would come to New York, get on the stage through a child part in "The Blue Bird" and marry a naval officer in 1915.

ONLY ONE LAWYER LIKELY TO APPEAR

Disbarment Proceedings in Vigo Court May be Fought only by Frank Fippen

OTHERS ARE NOW IN PRISON

(By United Press.)

Terre Haute, Ind., Nov. 9.—Although Thomas C. Smith, Hilton P. Redman and Frank R. Fippen, three attorneys of the Vigo county bar, were scheduled to appear in Superior court here today to plead to disbarment proceedings, it was believed probable that only Fippen, if any would appear. The reason is that attorneys appointed to press the disbarment cases are finding difficulty in serving notice because Smith and Redman are inmates of the federal prison at Leavenworth.

All of the defendants are charged with having been with Mayor Donn Roberts and others in the federal court at Indianapolis on the charge of conspiring to corrupt the Vigo county elections. Fippen was convicted in Marion county of having passed fraudulent checks. He formerly was an attorney for Donn Roberts.

Recently when disbarment proceedings were brought against Roberts, Elix H. Redman, Smith and Fippen in circuit court, the cases were continued because the notices were returned by the warden of Leavenworth prison unserved. The warden is said to have refused to serve the notices.

IS A CLIMAX TO THRILLING CASE

Judge Sparks Clears Court Room in Wayne Circuit Court When Spectators Hiss Attorney.

BACK ON LOCAL BENCH TODAY

When Henry U. Johnson Makes Disparaging Remarks About Miss Bentlage, Rumpus Starts.

Judge Will M. Sparks was back on the bench in the circuit court today after a three weeks' absence hearing the Hasemeier-Bentlage estate case in the Wayne circuit court at Richmond as special judge. Judge Sparks was informed that the case would last more than four days or a week when he accepted the appointment, but it proved to be a very long drawn-out affair.

The clearing of the court room late yesterday afternoon, when the argument of Henry U. Johnson, attorney for the plaintiff, was interrupted by hisses from the crowd, served as a fitting climax to a case that has been replete with thrills and sensational episodes.

Attorney Johnson, in his argument before the jury, questioned the integrity of the late Louisa Bentlage, who, while cashier of the store which brought the suit against her estate, committed suicide. The public sentiment, it has appeared all during the trial, was overwhelmingly with the cause of the dead woman.

Dispatches from Richmond report that there were more than a thousand people in the court room and that when the attorney made disparaging remarks concerning the character of Miss Bentlage, the crowd arose as one and staged a demonstration, the like of which was never seen in the Wayne circuit court.

Judge Sparks rapped for order, but it was not forthcoming. He ordered the court room cleared. Richmond newspapers say it was the first time such an order was ever issued in Wayne circuit court. As hysterical women and raging men sought the exits, they continued to hiss.

The Richmond report say that the sheriff and bailiff reported to Judge Sparks that they could not clear the court room. Judge Sparks then told them to continue their efforts and the jury and attorneys went to the jury room where Mr. Johnson continued his argument.

The belief in Richmond was that many women in the court room who sympathized with the defendant's side of the case started the hissing. When Judge Sparks ordered the court room cleared, he told the sheriff and his deputies to arrest any persons caught hissing and bring them before him. Judge Sparks said he intended to fine them for contempt of court.

The case has been in progress three weeks. The action was in the nature of a claim brought by H. C. Hasemeier, owner of the Boston store at Richmond, against the estate of the late Miss Louisa Bentlage, for \$10,000. It was alleged that she embezzled that sum during her 20 years of services at the store. Her suicide while still acting as cashier of the store closed her lips in regard to the allegations of the plaintiff.

The case went to the jury late yesterday afternoon and Judge Sparks turned the case over to Special Judge Comstock, who will receive the verdict.

MURDER TRIAL AT NEWCASTLE

John Craig, Charged With Killing Frank Deam, of Muncie, Faced Court There Today

HE CLAIMS SELF-DEFENSE

Indications Point to Hard Fought Trial—Stabbed Foreman of Ball Factory

(By United Press.)

Newcastle, Ind., Nov. 9.—Defiant in spite of 3 months imprisonment in Delaware county jail. John Craig, 19, of Muncie, went on trial in the Henry circuit court here today charged with killing Frank Deam, foreman of the sure-seal room of the Ball Bros. plant in Muncie last July.

Murder in the first degree is charged against the youth, who stabbed the foreman seven times in the breast. He was reported to have laughed and joked about the crime when he was captured three hours afterward.

The case was brought here on a change of venue from the Delaware circuit court.

Examination of the venireman for the jury began today. That this may take considerable time was the opinion of the attorneys.

Self-defense is to be the basis of the defense's fight.

From indications today the case will be one of the hardest fought legal actions in the history of the Henry circuit court. Judge Forkner, of Newcastle is to aid the prosecuting attorneys of Henry and Delaware counties, in the prosecution of Craig. W. H. Thompson, well known Muncie attorneys also will aid the state. Judge R. S. Gregory, Walter Gray, Thomas V. Miller of Muncie, and two Newcastle attorneys had charge of the defense.

Craig stabbed Deam when the latter attempted to eject him from the sure-seal room.

Craig asserted Deam had failed to make out a time slip for the right amount of wages due him. Deam's death was almost instantaneous. Craig fled but was captured by a posse of officers and citizens near the outskirts of Muncie a few hours after the stabbing.

ADOPTS RESOLUTION FOR STREET OILING

City Council, in Special Session, Receives No Objections to Engineer's Estimate.

DEFERS ACTION ON ALLEY

The city council at a special meeting last night decided to defer action on the opening of the alley from Washington street east to Pearl street until the next regular meeting. Last night was the time established to hear remonstrances and none was presented. The alley is between Second and Market streets, located near the water and light plant. The resolution calling for the opening of the alley was adopted.

The council also adopted the resolution for the street oiling. No objections were made to the engineer's estimate of the costs of the oiling. The city clerk will make out the costs of the street oiling and it is expected that payments can start within two or three days.

THAT "SUBURBAN" DAY.
(Columbus Republican.)
You who take or read Indianapolis newspapers doubtless have noticed the advertisements luring people from Columbus and other cities in Indiana to Indianapolis for special bargains on Wednesday of each week. A Columbus woman read one of these advertisements and noticed that a garment usually sold for \$1 could be purchased on bargain Wednesday for 49 cents. That was too much of an inducement to pass by so she went to Indianapolis and visited the store. It's a sore spot now but her husband continues to tell her that she should have known the Indianapolis dealers were trying to palm off their old stuff on the "country people." The woman wouldn't have the "bargain" as a gift and she brought her 49 cents back home with her, less her car fare.

Mr. Frier said that the short course should not be underestimated. He said it required an immense amount of work and that it was not a task for two or three men. Glycerine and Bark

Prevent Appendicitis

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Rushville people. Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. CRITICIZES PLAN TO DELAY TRIALS

Taking Case Today as Example,
Judge Asks Attorneys Not to
Use Change of Venue Scheme.

HAS PRIDE IN COURT HERE

Says he Finds Law is Practiced Dif-
ferently in Rushville Than
Elsewhere in State.

The practice of filing motions for a change of venue, simply for the purpose of delay, was severely criticized by Judge Sparks this morning in circuit court when a motion for a change of venue was filed in the case of the Greeley Stone Company against Dennis Bush and the Equitable Surety Company, on a bond in which \$1,600 is demanded.

This case was set for trial today and when the case was called the motion for a change of venue was asked. The attorneys for the Greeley Stone Company objected to the change being granted and finally won out as Judge Sparks overruled the motion.

Judge Sparks stated that the practice of filing motions of this kind simply to prevent the trial of the case was general in practically every circuit court in the state and added that it should cease. Judge Sparks stated that his remarks were not simply for the attorney filing the motion but for all members of the bar as each had practiced this more or less.

There is a rule in court that prevents the filing of motions for changes of venue within five days of the date set for trial and as the motion filed this morning was made on the very day that the case was set for trial, it looked to the court as though it was simply for the purpose of delay.

"I believe," said Judge Sparks, "that you attorneys owe it to yourselves and to the county to prevent this change of venue business where the change is made to prevent trial. I pride myself very much in the Rush circuit court and this has increased more than ever lately as I find we practice law here differently than they do in some places."

The case was to be heard this afternoon and it was likely that the defendant, asking for the change of venue, would allow judgment to be taken. B. F. Miller, one of the attorneys for the defendants, stated that an appeal would be taken following the returning of judgment.

In the case in question none of the parties reside in Rush county. Greeley is a resident of Shelby county; Dennis Bush is a resident of Indianapolis and the surety company maintains its head office in St. Louis. For this reason it could hardly be true that the plaintiff Greeley had an undue influence over the citizens of this county, it was stated.

he Gets 60 Days at Farm.

HE'S FINED ON TWO CHARGES

A penal farm sentence did not refresh the memory of Tom Swannigan and he refused to tell Mayor Behout the name of the "bootlegger" who sold him a pint of whiskey. He was fined \$5 and costs for being drunk and a similar sum for beating his wife. To this last fine was added sixty days at the penal farm. The sentence was suspended, however, and Swannigan was given until tonight to settle his fines. It was believed he would make arrangements to pay the amounts.

The neighbors of Swannigan, it was stated, have complained to the police on numerous occasions. It is claimed that every time he gets intoxicated he mistreats his wife and Mayor Behout decided to put a stop to it. Swannigan admitted that he bought his booze of a "bootlegger" but could not remember the man's name.

MEETING TO CLOSE WITH AN ELECTION

Selection of Officers and Next Meet-

R. C. in Convention Here.

EIGHTY ARE PRESENT TODAY

The annual district convention of the W. R. C. will close here late this afternoon with the election of officers and the selection of the next meeting place. At noon today no city had asked for the next convention and it is not known where it would go next year.

The morning session was spent in hearing the reports on the year's work in the various corps. Mrs. Cornelia Lyons, president of the local corps, delivered the address of welcome. The district president, Mrs. Clate Scott of Richmond, also delivered an address. This afternoon the usual inspection took place.

About eighty visitors were present at the meeting and all of the corps in the district were represented.

SHORT COURSE IS TO BE TRIED HERE

Decided to Perfect Organization
Suggested by G. M. Frier and
Begin Work at Once.

IMMENSE AMOUNT OF WORK

G. M. Frier, Who Addressed Meeting,
Explains What is Expected
of the Community.

An organization will be perfected at once to bring a Purdue Farmers' Short Course to Rush county this winter. A meeting was held in the court house assembly room Monday afternoon and although the attendance was not large, it was decided that a short course should be attempted.

A motion was adopted that the chairman of the meeting, E. B. Thomas, should appoint a committee of three, he to be a member of the committee, which should act as a committee on committees. It shall be the duty of that committee to name the necessary committees and see if they will act in the capacities requested.

The committees will not be appointed by the general committee until G. M. Frier, who is in charge of the Purdue short courses, sends Mr. Thomas a list of the committees required and the duties of each committee.

It is proposed that the committee appointments shall be made by November 27 or near that date when Mr. Frier will return here and meet with the committees and instruct them as to what may be expected of them.

Mr. Frier was here yesterday and addressed the meeting on the purpose of the short course, what it consisted of and what was expected of the community.

Although it can not be ascertained now what the date will be, it is probable, Mr. Frier said, that the short course would take place here the latter part of January. It will be of three days' duration. It is impossible to fix the dates until other courses are arranged because the courses have to be routed over certain districts of the state so that the transportation expenses of instructors and live stock will not be any greater than necessary.

There are five or six departments to the short course. Mr. Frier explained. The majority of these departments are running at the same time during the day so that the farmer may attend any class he cares to in order to get any special knowledge he desires.

Between classes, Mr. Frier said, lecturers of a general character are held for all of the persons attending the short course. The night sessions are for all persons and are of such a character that they will be of interest not only to farmers but to city people as well.

Mr. Frier made it known that a number of different rooms would be required because several classes will be in session at the same time. A large place where live stock can enter will be required for the judging contests. This is expected to be one of the interesting things of the course.

"The farmers' institutes," he said, "are of immense value, but the short course is an entirely different thing. The farmers' institutes, although they are addressed by the best persons in their respective lines, are all talk. The farmers' short course is largely practical. There are lectures, but the facts brought out are illustrated and demonstrations are present to impress the lesson."

Mr. Frier said that whereas, in-

COMPLIMENTING HIM NOT ENOUGH

Evangelist J. H. O. Smith Declares
People Must be Born of Water
And The Spirit

MUST DIE TO SIN, HE SAYS

Be Buried With Christ by Baptism
And Rise to New Life—Ser-
vices at Christian Church

"Complimenting Jesus is not enough," declared the Rev. J. H. O. Smith at the Main Street Christian revival services last night. "We must be born of the water and the spirit. The conditions are so simple that a child can understand. We die to sin, be buried with Christ by baptism unto death and rise to walk in newness of life. It is with us whether we will be saved or not. God is ready to save. Christ has provided redemption for all. It is ours to accept the terms and obey."

Although Monday night's meeting was the second of the series, the interest was at a high pitch. The Rev. H. H. Saunders, singing evangelist, led the singing in a masterly fashion, arousing the congregation to spirited singing. He is pronounced by those who have heard him to be one of the best song leaders ever in Rushville.

J. H. O. Smith speaks from a rich fund of knowledge gathered by wide experience and careful study, and his sermons are being greatly appreciated. Last night he spoke from the text Rom. 10:13. "Whosoever calleth on the name of the Lord shall be saved." He said in part:

"We are all the subjects of more or less prejudice. When Farmers' Institutes were first held the good old farmers said that the dude college professors knew nothing about farming. In those days a farmer almost considered it an affront if you advised him about the rotation of crops, diversified agriculture and scientific farming. So in religion."

"The text does not mean that whosoever says 'Lord, Lord' shall I be saved. Jesus said, 'Not every one who saith unto me Lord, Lord shall enter in.' 'Why call ye me Lord, Lord and do not the things that I say unto you.' Many shall say unto me in that day Lord, Lord have we not prophesied in the name and in thy name done many wonderful works and I shall say I never knew you."

"Again it does not mean praying alone. I will cite a case. Cornelius (Acts 10.) was a devout man and feared God with all his house. Men you must accept that responsibility. You are the head of the house. He gave much alms to the people and prayed to God always. He saw an angel who said, 'Cornelius your prayers and alms have come up before God as a memorial. Send men to Joppa and call for one Simon who lodgeth with one Simon whose house is by the sea side and he shall tell thee the words whereby thou and thy house shall be saved.' When the apostle came and explained the word of the Lord, the Holy Spirit descended upon them that heard the word as it did on Pentecost. It was a baptism of the spirit which was always attended by miracles. They spoke with tongues. The gift of the Holy Spirit is promised to those that obey Christ. Peter commanded them to be baptized, saying, 'Who can forbid water that these should be baptized seeing they have received the Holy Spirit as well as we.' The miracle of tongues was evidently to convince the apostle that the Gentiles were also to be saved."

"Another instance. Saul of Tar-

NEWMAN BOY UP IN COURT

Says he is no More Guilty Than His
Companion of Robbery.

Bert Newman, who has been held in jail for some time charged with burglary in the second degree, in connection with the robbery of the garage at the home of Dr. Will Smith in North Main street, will face the court and a jury Thursday morning. Newman was brought up before Judge Sparks this afternoon and questioned again. Newman says he is guilty but not any more so than the other boy who was with him. Judge Sparks appointed Wallace Morgan to defend the boy and set the trial for Thursday.

IS ASKED TO WITHDRAW

(By United Press.)
Terre Haute, Nov. 9.—Mrs. S. C. Stimson declared today that she positively would not resign from the board of the Women's Franchise League of Indiana and in so doing said that her opponents in the League were friendly with the "non-church and liquor forces."

"I certainly do not intend to resign from the board," said Mrs. Stimson. "This is a fight of the non-church and liquor forces against the church and temperance forces."

The board, in session in Indianapolis, Monday voted to ask Mrs. Stimson to withdraw from the board. The utmost secrecy was maintained regarding the meeting.

PAYS FINE FOR STRIKING WIFE

Will (Sorrel) Moore Arraigned in
Connersville Today After Trouble
There Monday.

ARRESTED AT HIS HOME HERE

(By United Press.)
Connersville, Ind., Nov. 9.—Will (Sorrel) Moore of Rushville was fined one dollar and costs in police court here today for assault and battery on his wife. The trouble occurred late yesterday afternoon at the home of a family named Cash in Columbia Avenue. The two had a quarrel and in the mix-up Moore struck his wife. She was badly beaten on the face and head. Moore paid his fine.

Following the trouble in Connersville "Sorrel" Moore came to his home in North Morgan street. The local police were notified to arrest Moore and when they went to his home they were refused admission and it was necessary to break in the rear door. Moore was found hiding under the bed. According to the local police, the fight was the result of some domestic difficulties between Moore and his wife. Moore spent the night in the jail here and was taken to Connersville this morning.

STATE OFFICIAL EXPIRES TODAY

Attorney General Richard Milburn
Dies in Methodist Hospital in
Indianapolis Today.

GOVERNOR WILL APPOINT

His Strenuous Campaign is Believed
to Have Brought on Leakage
of Heart.

(By United Press.)
Indianapolis, Ind., Nov. 9.—Attorney General Richard M. Milburn, age fifty years, died today in the Methodist hospital of leakage of the heart. Though he had been ailing for some time his death was sudden. The attorney general was elected on the Democratic ticket and had a year and two months yet to serve.

Mr. Milburn became seriously ill late yesterday and was taken to the hospital. He conducted a very vigorous speaking campaign, stumping the entire state before his election and at his office the opinion was expressed today that his death was undermined at that time.

Milburn's home was in Jasper, Dubois county. He moved to Indianapolis following his election. He was one of the best known lawyers in southwestern Indiana. He at one time represented Dubois and Daviess counties in the state senate.

The vacancy caused by his death will be filled by appointment by the governor, which may be made at any time. The governor is at present in Ohio.

Milburn continued his activities despite repeated warning from his doctors.

He is survived by the widow and five children. The body will be sent to Jasper tomorrow and the funeral will be held there at two p. m. Thursday.

"BADGER GAME" CASE DISMISSED

Appears That Similar Criminal Ac-
tions at Tipton Will Follow the
Same Course.

BLACKMAILING IS CHARGED

(By United Press.)
Tipton, Ind., Nov. 9.—When the case against Mrs. Viola Allenbaugh, indicted for complicity in the murder of Walter Varner, was dismissed today, the second day of the trial, for lack of evidence, it was indicated that all of the so-called "badger game" cases would take the same course. The trial of Mrs. Cora Robertson, charged with murder in the first degree, will be called next term.

The state alleged that Varner was killed when he refused longer to be a party to a plot to blackmail Tipton county men. The state has had difficulty in persuading men to take the stand.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

A Lesson from the Past

Years ago, before baking powders were so well known, the housewife sometimes made her own from cream of tartar and soda.

These materials were then comparatively expensive and processes of refining had not been devised to bring them to the high state of purity of the present-day well known cream of tartar baking powders, such as Royal; and yet she never thought of buying alum, then as now a cheap and inferior substitute for cream of tartar. She wouldn't think of permitting an ounce of alum to enter her kitchen.

Yet housekeepers are to-day asked to buy alum baking powders with which to make food for their children.

The statement on the label affixed to every can naming the ingredients of which the baking powder is composed affords a method of protection against the use of undesirable kinds.

A regular Knights of Pythias dance will be held at the Knights of Pythias building Thursday evening. Ernest Sumner's orchestra will play. It is announced that as an added feature there will be an old-fashioned quadrille to the music of a fiddler as it was played in the days gone by. The dance will be open to all Knights of Pythias and their families and sojourning members of the lodge.

Amusements

The Princess will show a four act drama "The Way Back" for the program tonight. Miriam Nesbit, Frank McGlynn and Robert Brower are featured. It is a story of a woman whose life ranges from a rich respectable woman to a comrade of a crook. The story is said to be full of dramatic situations and it is an very interesting picture. Tomorrow, matinee and night the first chapter of the wonderful story "Neal of the Navy" will be shown. The story is in fourteen chapters and the scenes are really enacted on board of battleship.

The Gem offers the seventh chapter of "The Broken Coin" for the first picture tonight. It is said to be a mixture of comedy and drama and is one of the best episodes shown thus far. The other picture is a two reel wild animal comedy entitled "Joe Martin Turns 'em Loose." Tomorrow, matinee and night the big five reel comedy treat "Mrs. Plumb's Pudding" will be shown. The widow goes to market one day and comes back to find an oil well gushing up on the spot where her shack had stood half an hour before. Marie Tempest, the famous English comedienne, enacts the role of the widow and is supported in the five-reel side-splitting farce comedy by Eddie Lyons, Lee Moran, Jean Hatheraway, Violet MacMillan and W. Grahame Brown, who is to be starred on Broadway this fall by the Charles Frohman Estate. Al Christie, the Universal director staged the production, employing most of the regulars in his Nestor comedy company.

IT STILL PAYS.

It still pays to advertise, especially in the Daily Republican. It has happened, fortunately, that all lost money advertised in the classified column of the Daily Republican recently has fallen into the hands of honest persons. The moral is that if you lose your money, advertise the fact in the Daily Republican. Chase Brooks lost \$6—a five-dollar bill and a one-dollar bill. Michael O'Reilly found it and advertised that he had found it. Mr. Brooks identified it, but Mr. O'Reilly would accept no reward. Mrs. W. O. Headlee lost \$8 in paper money and it was found and returned to her. A son of Mr. and Mrs. Jess Pugh lost his glasses, they were advertised and the finder returned them. A Shelbyville traveling man lost his automobile license number. He advertised his loss. The number was found and he can get it by calling at the Weeks Fresh Meat & Provision Company's abattoir.

Rochambau is Proceeding on Her Course, According to Wireless Received Today.

APPREHENSION IS REMOVED

(By United Press.)
New York, Nov. 9.—The fire aboard the French liner Rochambau has been extinguished and the vessel is proceeding on her course to Bordeaux. A wireless message to officers of the line from Captain Juham brought this word today.

The message was timed six o'clock today. It was the first word from the burning liner since the captain wirelessed yesterday afternoon that fire had broken out in the reserve bunkers and that it might be necessary to put into Halifax.

UNKNOWN TRAMP INJURED

Says That Three Other "Bums" Attacked Him While Riding Freight.

A tramp whose name was never learned was beaten by three other "knights of the road" whom he said he did not know, while the quartet was riding on a Big Four freight near Carthage. The tramp came here late yesterday evening and Dr. W. S. Coleman dressed his injuries. The tramp said the unknown wayfarers asked him if he had any money and then one of them struck him in the face. He declared that he escaped by leaping from the train. He first told his story at the Big Four depot here and attaches of the Big Four said he was carrying some money.

Johnson's Drug Store Has Such Faith in this Dyspepsia Remedy That They Guarantee It.

One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Johnson's Drug Store, the popular druggists, has hard work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter of how long a standing. This remedy has been so unfailingly successful that Johnson's Drug Store will in future sell Mi-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory.

the contents of those opposed to it:

All parties are getting a practical demonstration now of the general primary election law wished onto the Democrats by Bryan, Senator John W. Kern and others last year. Representative William A. Cullop, who sought the removal of the primary election test suit from his own county, may include himself in this list if it gives any comfort, but it is evident that most of the men who take an active part in politics are not pleased over the situation.

It may as well be set down right here that the candidates for Governor and Senator who are not able to cut a wide swath financially are not liable to get very far in the future in this grand old commonwealth. The successful Republican candidate for Governor next year will be obliged to put up at least \$25,000 if he has to spend a cent.

It happens that James P. Goodrich and Warren T. McCray are men of considerable wealth. They have headquarters here that must be kept open for at least five months. They have managers, assistant managers and a rapidly growing corps of lieutenants who are traveling from county to county.

They are spending hundreds of dollars sending out letters and literature. McCray already has had an advertisement in most of the state papers, and he is just starting on that line. Later there will be other heavy expenses. Right now lots of money is being spent by the leading candidates making their county organizations.

What it will cost them to get out the vote would go a long way towards financing a state campaign. A poor man will stand a "fat" chance landing a nomination if he happens to run against those who have the coin and are willing to spend.

Among the senatorial candidates Hugh Th. Miller has headquarters here at a leading hotel. He has a force of assistants that is increasing in size. He is advertising in the papers and writing thousands of letters. James E. Watson is flying around the state from place to place. He has his managers and assistants and later they will open headquarters.

This is a real illustration of the "back-to-the-people" system advocated by the political highbrows who said that the masses had the heartache the year around because they couldn't participate in nominating the tickets. And the day the Democratic State Convention adopted the primary election plank Senator Kern vowed that a man could make a successful race for the senatorial nomination on \$300. He could if there was no opposition.

FOR VIOLATING AUTO LAW

John Ward is Arrested Today on Two Charges.

John Ward was arrested on two charges of violating the automobile law this afternoon. The charges against Ward were filed by William Dugan, driver of a milk wagon. He charges Ward with exceeding the speed limit and with failure to drive to the right in making a turn at a street intersection. It is understood that Dugan charges Ward with running his automobile into the milk wagon. The charges were filed before Mayor Bebout.

FINED FOR TRESPASS.

Omer Smith was fined five dollars and costs on a trespass charge yesterday afternoon by Mayor Bebout. Smith's parents live on the Harry McMillin farm near Gings, and it was alleged that every time Omer Smith went there he carried booze for his father. To keep him off the place the trespass charge was filed. The fine was suspended on condition that Smith remain away from the McMillin farm.

At last—a Hot-Air Heating System that everyone can afford!

HERE it is at last—the thing that everyone has been looking for. A heating system that works as thoroughly and satisfactorily as the best small hot-air furnace, yet costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

Thousands of people everywhere have already installed it—all over the country people are proclaiming it "The Heating Marvel of the Age."

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and discharged—not through the flue and chimney, but through the top of the hot-air chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple wire connection.

Estate Hot Storm

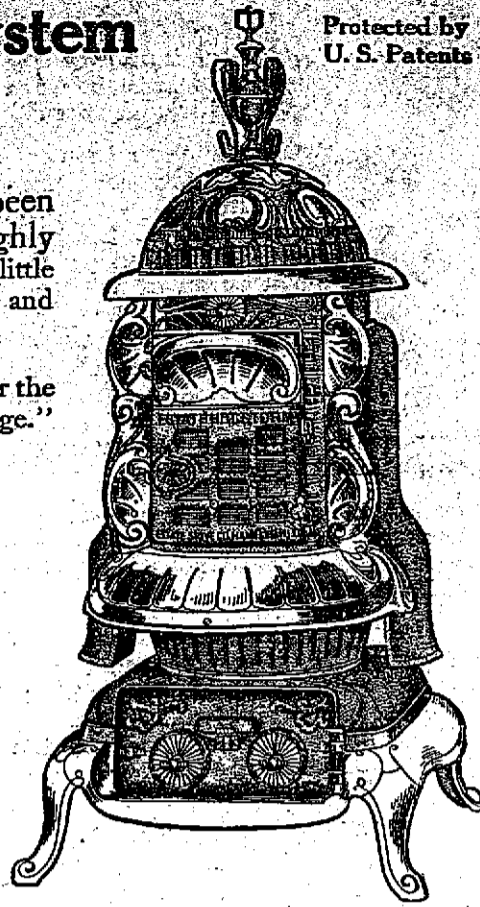

—the Stove with a "Little Furnace" in it

is two heating systems in one—not a stove, not a furnace, but a combination of the best features of both. It sets in the room like a stove, its exterior looks like a stove but there the similarity ends. For its interior is utterly different from any stove you have ever seen—inside it is built like a hot-air furnace.

We want every prospective heating stove purchaser in this locality to inspect the Estate Hot Storm at our store—to give us an opportunity to explain it—before buying a stove of any kind. You owe it to yourself to do this—and to do it soon.

GREEKS' BEHAVIOR ALARMS THE ALLIES

Pro-Germanism is Growing in Athens and There is Danger Greece May Not Stay Neutral.

STRONG COURT INFLUENCES

(By United Press.)

London, Nov. 9.—The behavior of Greece is beginning to alarm the allies.

Pro-Germanism is growing at Athens. Inside information today is that the Greeks may not even stay neutral. There are hints of an understanding with Bulgaria.

The people perhaps are still with the allies but even this is not certain. Strong court influences have been brought to bear and unquestionably it has produced some impression. More than anywhere else, it has been effective among the army officers.

Hampered by the Venizelos majority in the parliament, King Constantine was rumored this afternoon to be on the verge of carrying out his earlier plan to dissolve the legislative body.

This would leave the Skouloudis cabinet in office until an election can be held and in the meantime the best the British and French can expect from Greece in connection with their Balkan campaign will be "very benevolent neutrality," which was announced this minister's attitude toward them.

Men high in the government here think this probably accounts for King Constantine's defiance of Ex-Premier Venizelos, the war party leader. The theory here, at the time, was that Constantine was running grave risks of a revolution in disregarding constitutional precedent, considering that Venizelos won the last popular election. The suspicion now is that the king believes there has been a change and that another election might result differently.

COMPLIMENTING HIM NOT ENOUGH

Continued from Page 1.

sus prayed for three days after Christ told him to go to Damascus where it would be told him what he must do. When the preacher came he said, 'Why tarriest thou, arise and be baptized calling on the name of the Lord.' If calling on the name of the Lord does not mean saying, 'Lord, Lord' and does not mean praying alone what does it mean?

"When Hannibal was invading the Roman Empire Scipio was in command of an army which went over and besieged Carthage. He pressed the siege with such vigor that Carthage was compelled to sue for peace. An embassy was sent to Rome to ask for terms of peace. The Roman senate said call on the name of Scipio. They understood, went back and asked Scipio for terms. He demanded that they recall Hannibal, burn their fleet in the presence of the city, pay so much tribute into the coffers of Rome and so much annually for so many years. Carthage would not accept the terms and later the Roman eagle swept through the city and trampled it beneath the triumphant power of Rome.

"When a man asks God upon what terms he may have forgiveness and peace God says 'Call on the name of my Son.' What terms does he submit? Read the great commission, Matt. 28, Mark 16:16, Luke 24:48, John 20. Repentance and remission of sins were to be preached in the name of Jesus among all the nations and to every creature. 'He that believeth and is baptized shall be saved and he that believeth not shall be condemned.' The Son of God who has all authority in Heaven and earth joined faith and baptism by the conjunction and, what Christ has joined together let not man put asunder."

United Presbyterian.

"The work to which God's people now are called is the evangelization of the world and the salvation of souls," declared the Rev. S. R. Jamieson of Oxford, O., who is conducting a revival at the United Presbyterian church. "It is a great work. It is a most important work, for souls are being lost when God is willing to save, but who need the human touch to bring them to Jesus' church. God saves men by means of men."

"Be Strong and Work" was the theme of the Rev. Mr. Jamieson. His text was taken from Haggai, 2:4: "Be strong all ye people of the land, saith the Lord, and work for I am with you, saith the Lord of Hosts." He explained these words were first spoken unto Jesus after he returned to Jerusalem from Babylonian captivity. The special work to which the people of that day were urged was the rebuilding of the walls of Jerusalem and the rebuilding of the temple of God.

"God uses weak human instruments," he continued, "that the power may be manifestly of God. When he wanted to bring the millions of slaves out of Egyptian bondage, he did not send a great army, but one man, Moses.

"In the taking of Jericho, Captain Joshua and his men marched around the city seven days blowing rams' horns. When the army of Israel was defied by the Philistine giant, a mere youth, armed only with a sling and a few pebbles went out and slew him. What was the secret of Moses' success, of Joshua's success, of David's success? The fact that Jehovah was with them. And He has promised to be with us today if we go forth to His work depending upon Him for power. He says to us 'Be strong all ye my people and work for I am with you.' Let us give ourselves just as we are, with just

what equipment we have to the Lord for His work and He will use us for His glory."

The subject for the 2:30 meeting this afternoon was "Conditions for Securing a Revival." The topic at 7:30 this evening will be "Can I Know Whether or Not I Am Saved?"

DOCTOR WANTS RHEUMA FORMULA

An Old-Time Patient Claims Great Benefit From its Use.

The following is clipped from a medical journal of May, 1914, page 186 (name on request): "An old-time patient of mine just informed me that he treated with number of physicians and patent medicines for rheumatism for the past two years without obtaining much relief until taking a preparation called 'Rheuma,' and after taking two or three bottles he claims almost a complete cure. Can you tell me what the formula is?—T. A. M., M. D., Missouri."

Rheuma is manufactured only by the Rheuma Co., Buffalo, N. Y., and is sold by Johnson's Drug Store and all other druggists.

Cases like the above are numerous, for many users of this great remedy for rheumatism and find it reaches the disease through the blood, kidneys and bowels, and cleanses the system of the poisonous uric acid sediment.

Nine out of ten persons have this dread disease

Pyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sentanel Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

ACTIVITY SEEN IN COURT AGAIN

Judge Sparks Resumes Bench and Action Taken Today in Number of Civil Cases.

NEW CALENDAR IS MADE OUT

First Two Days of November Term Will be Devoted to Criminal Business—Many Divorce Cases.

Judge Will M. Sparks resumed the bench in his own court today after an absence of almost three weeks spent in Richmond where he acted as special judge. Judge Sparks spent the morning hour calling the docket. Practically all the attorneys of the local bar were present.

The case of the Farmers' Trust Co., administrator of the estate of Rachel Foust, deceased, against Charles H. Foust, to recover rental in which the demand was \$8,000, was dismissed at the costs of the trust company. The case was one of the oldest on the docket. It was filed on November 21, 1912 and has never been tried.

A motion for a new trial was filed in the malicious prosecution suit of Otis S. Johnson against John A. Gray. When the case was tried the jury returned a verdict for Johnson in the sum of \$350.

Judge Sparks overruled a motion for a new trial in the case of William P. Lucas against Alpheus P. Walker. The suit is for labor performed and when tried the jury gave Lucas the sum of \$62.25 of a total demanded of \$150.

The case of Charles F. Pritchard against Clifford and Curtis Cheever was dismissed at the costs of the defendant. The case was sent back

on a change of venue from Decatur county.

The case of Albert L. Winship against S. Harry Colter and O. S. White on a note demanding \$150, was dismissed and the costs paid.

Judge Sparks has completed the court calendar for the first four weeks of the November term of court, which starts next Monday. The first two days of the term, will be taken up with criminal cases. The case against Paul McConnell, proprietor of the Court House Drug store, charged with the illegal sale of intoxicating liquor, will come up next Monday.

On November 20 the court will hold divorce day. At this time five divorce suits are set for trial. The calendar follows:

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

ARE SOLVING HELP PROBLEM

Women of Montclair Have Formed a League And Worries Over Servants Will Soon be Over

WORKING OUT A SCHEDULE

School Board Establishes Free Domestic Science For Those Wanting to Take up Work

(U. P. Staff Correspondent.)

* SOLVE SERVANT PROBLEM *

- * 1—Got the School board to establish free domestic science for maids and housewives.
- * 2—Are writing 500 letters to housewives for data upon which to base a standard scale of servants' wages.
- * 3—Plan a municipal testing station for all servants applying to housewives for work.
- * 4—Seeking to classify and standardize the work of the "one maid to a family" plan most popular.

Montclair, N. J., Nov. 9.—The Housewives' league of Montclair expects that a year hence this community's servant problem, that bugbear to the women of almost every city in the land, will be solved.

Much progress already has been made toward getting plenty of efficient house help of all classes, toward standardizing the pay and the division of work for each servant. The haphazardness of these things done away with, President Mrs. Chauncey H. Marsh, the servant problem will be solved and the joke-smiths will lose one of their most lucrative sources of income.

Five hundred letters will be mailed today, in addition to the 200 already sent out, asking as many housewives a series of servant problem questions. Upon an analysis of the answers will be based the servants' standard of wages of Montclair. An analysis of the 200 answers already received shows that a girl doing housework, but no washing, for an average family of 5, should get \$22 to \$25 a month.

What the schedule will be for the maid who cooks, washes, makes beds, minds the babies, fires the furnace and scrubs, will be determined later. Each community, says Mrs. Marsh, should put its own servant service on an efficient basis the way Montclair is doing.

"We want," said Mrs. Marsh, "as every community should want, to pay a rate sufficient to attract capable, high-standard help; for by raising the standard of the servant, we will make life pleasanter for the housewife, husband, kiddies and the servants themselves."

"Since Supt. Bliss has opened the schools' domestic science classes to housewives and servants, the teachers have been swamped with students anxious to improve their cooking, sewing, etc."

Housewives may now catch their servants young and educate them to suit, without cost other than taxes that they pay anyhow in the public schools. A co-operative servants organization to work with the Housewives' league, may also be organized a little later.

Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of William A. Wilson, deceased, to appear in the Rush Circuit court, held at Rushville, Indiana, on the 24th day of November, 1915, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

PLANS MADE FOR MANY MEETINGS

Suffrage Demonstrations to be Given Indiana Congressmen Before Departure For Washington

TO INVITE REPRESENTATIVES

Five of Indiana Delegation Voted For Bill Last Year And Four Are Returned

Indianapolis, Ind., Nov. 9.—Just prior to the departure of each Indiana congressman for Washington, he will be treated to a suffrage demonstration in his own town, according to the plan announced today by the Woman's Franchise league of Indiana.

The plan is to hold district conventions on or near Nov. 12, and in each case the convention will be held in the congressman's city. The gatherings will be representative of the suffrages farewell reminders of the wishes of the women constituents.

The program of the meetings will consist of discussion of woman suffrage as a national issue. The congressman will be invited to speak and resolutions will be adopted and presented as a train letter when the members depart for Washington. It is intended that no chance shall be left for opposition on the grounds that "there is no sentiment for suffrage in my district." It is hoped through this effort to clinch a very considerable number of new votes from members now reports open to conviction. Important gains for the National Woman Suffrage amendment are indicated, say the women.

Arriving in Washington the Senators and Congressmen will be greeted on December 14-19 by the annual convention of the National American Woman Suffrage association, with which the Woman's Franchise league of Indiana is affiliated. This convention will present to Congress the mass of resolutions adopted all over the country at the district conventions, and thus emphasize the nation-wide strength of the suffrage movement.

Five of Indiana's Congressmen voted for the suffrage amendment in the last congress, four of whom are returned.

It is confidently believed, by the women, that this number will be added to in the coming session. In calling the convention in Indiana the Woman's Franchise league has asked that the program of the day include the following features.

- 1st Morning Session
 - (A) Conference on the history, purpose and policy of the league and plans for the extension of organization within the district.
 - (B) The election of the District Chairman and the extension of organization within the district.

3rd Afternoon Session
A memorial to Elizabeth Cady Stanton whose centennial anniversary is to be celebrated. An address on suffrage, especially as an issue in congress.

- 4th Address by Congressmen (if obtainable)
- 5th Endorsement of resolutions

The resolution reads: "Resolved that we the women of the Congressional District of Indiana in convention assembled petition the congress of the United States in the name of the democratic and representative principles, on which our government is based, to enact the Bristow-Mondell Resolution into law thus conferring full citizenship on the women of our country."

The women who will have charge of the convention in the several districts of the state are.

- 1st District—Miss Helen Lant—Evansville.
- 2nd District—Mrs. O. B. Harris—Sullivan.
- 5th District—Mrs. Edna Herr Bucklin—Brazil.
- 6th District—Mrs. Nellie Barnard—Richmond.
- 7th District—Miss Sara Lanter—Indianapolis.
- 8th District—Mrs. J. R. Marsh—Muncie.
- 9th District—Mrs. Alice E. Waugh—Tipton.
- 10th District—Mrs. W. J. Jones, West Lafayette.
- 11th District—Mrs. W. B. Platt—Huntington.
- 12th District—Mrs. Olaf N. Guldin—Fort Wayne.
- 13th District—Dr. Hannah O. Stanfill—Elkhart.

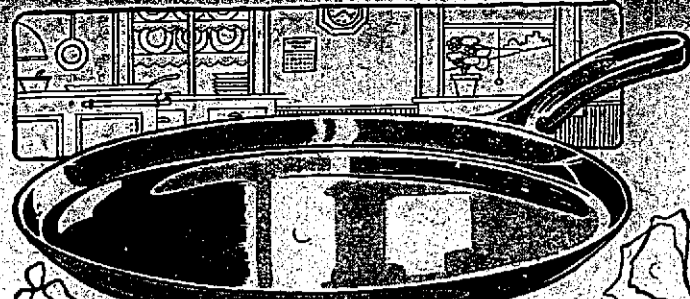

Women Should Take Warning.

If the statement made at a New York Assembly of women that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition. (Advertisement.)

MUCH ROMANCE IN THIS AFFAIR

Cupid Fairly Outdid Himself in Scheming for Claiborne Foster and Lieut. Cresap

HE IS AN OFFICER IN NAVY

Actress Comes From Southern Family And They First Met at Tea on Ship Board

(U. P. Staff Correspondent.)
New York, Nov. 9.—Romance and Cupid fairly outdid themselves in scheming the love affair which culminated in the marriage here today of Miss Claiborne Foster, southern belle and Broadway favorite, to Lieut. James McDowell Cresap, U. S. N., in St. Saviour's chapel at the Cathedral of St. John the Divine.

They met two years ago at a tea aboard the U. S. N., Florida. She, 19, a Broadway actress as well as an F. F. V. by virtue of being descended from Lydia Boggs, the revolutionary heroine of Virginia, was known to him only as Miss Foster, "a nice enough sort" and the daughter of Mrs. Eleanor Foster-Comegys. She didn't mention "actress" nor "F. F. V." He didn't suspect. So they went their ways and that was all there was to that.

Last spring Lieut. Cresap left his post on the destroyer Balch one evening and started to see "A Full House" at the Longacre. In the leading woman he recognized Miss Foster of the Florida tea party who, he remembered being told, was "such a favorite with the old Southern families that have settled in New York."

So Lieut. Cresap busied himself among the "old Southern families" where he would be apt to renew his acquaintance with "Miss Foster," and it came to pass that he did so renew his acquaintance, which did not remain "acquaintance" for long.

Lieut. Cresap was one of the landing party at Vera Cruz. Until 6 years ago Miss Foster was an unassuming little girl in Shreveport, La., who had no idea that she would come to New York, get on the stage through a child part in "The Blue Bird" and marry a naval officer in 1915.

ONLY ONE LAWYER LIKELY TO APPEAR

Disbarment Proceedings in Vigo Court May be Fought only by Frank Fippen

OTHERS ARE NOW IN PRISON

(By United Press.)
Terre Haute, Ind., Nov. 9.—Although Thomas C. Smith, Hilton P. Redman and Frank R. Fippen, three attorneys of the Vigo county bar, were scheduled to appear in Superior court here today to plead to disbarment proceedings, it was believed probable that only Fippen, if any would appear. The reason is that attorneys appointed to press the disbarment cases are finding difficulty in serving notice because Smith and Redman are inmates of the federal prison at Leavenworth.

All of the defendants are charged with having been with Mayor Donn Roberts and others in the federal court at Indianapolis on the charge of conspiring to corrupt the Vigo county elections. Fippen was convicted in Marion county of having passed fraudulent checks. He formerly was an attorney for Donn Roberts.

Recently when disbarment proceedings were brought against Roberts, Elix H. Redman, Smith and Fippen in circuit court, the cases were continued because the notices were returned by the warden of Leavenworth prison unserved. The warden is said to have refused to serve the notices.

IS A CLIMAX TO THRILLING CASE

Judge Sparks Clears Court Room in Wayne Circuit Court When Spectators Miss Attorney.

BACK ON LOCAL BENCH TODAY

When Henry U. Johnson Makes Disparaging Remarks About Miss Bentlage, Rumpus Starts.

Judge Will M. Sparks was back on the bench in the circuit court today after a three weeks' absence hearing the Hasemeier-Bentlage estate case in the Wayne circuit court at Richmond as special judge. Judge Sparks was informed that the case would last more than four days or a week when he accepted the appointment, but it proved to be a very long drawn-out affair.

The clearing of the court room late yesterday afternoon, when the argument of Henry U. Johnson, attorney for the plaintiff, was interrupted by hisses from the crowd, served as a fitting climax to a case that has been replete with thrills and sensational episodes.

Attorney Johnson, in his argument before the jury, questioned the integrity of the late Louisa Bentlage, who, while cashier of the store which brought the suit against her estate, committed suicide. The public sentiment, it has appeared all during the trial, was overwhelmingly with the cause of the dead woman.

Dispatches from Richmond report that there were more than a thousand people in the court room and that when the attorney made disparaging remarks concerning the character of Miss Bentlage, the crowd arose as one and staged a demonstration, the like of which was never seen in the Wayne circuit court.

Judge Sparks, rapped for order, but it was not forthcoming. He ordered the court room cleared. Richmond newspapers say it was the first time such an order was ever issued in Wayne circuit court. As hysterical women and raging men sought the exits, they continued to hiss.

The Richmond report say that the sheriff and bailiff reported to Judge Sparks that they could not clear the court room. Judge Sparks then told them to continue their efforts and the jury and attorneys went to the jury room where Mr. Johnson continued his argument.

The belief in Richmond was that many women in the court room who sympathized with the defendant's side of the case started the hissing. When Judge Sparks ordered the court room cleared, he told the sheriff and his deputies to arrest any persons caught hissing and bring them before him. Judge Sparks said he intended to fine them for contempt of court.

The case has been in progress three weeks. The action was in the nature of a claim brought by H. C. Hasemeier, owner of the Boston store at Richmond, against the estate of the late Miss Louisa Bentlage, for \$10,000. It was alleged that she embezzled that sum during her 20 years of services at the store. Her suicide while still acting as cashier of the store closed her lips in regard to the allegations of the plaintiff.

The case went to the jury late yesterday afternoon and Judge Sparks turned the case over to Special Judge Comstock, who will receive the verdict.

MURDER TRIAL AT NEWCASTLE

John Craig, Charged With Killing Frank Deam, of Muncie, Faced Court There Today.

HE CLAIMS SELF-DEFENSE

Indications Point to Hard Fought Trial—Stabbed Foreman of Ball Factory

(By United Press.)
Newcastle, Ind., Nov. 9.—Defiant in spite of 3 months imprisonment in Delaware county jail. John Craig, 19, of Muncie, went on trial in the Henry circuit court here today charged with killing Frank Deam, foreman of the sure-seal room of the Ball Bros. plant in Muncie last July.

Murder in the first degree is charged against the youth, who stabbed the foreman seven times in the breast. He was reported to have laughed and jested about the crime when he was captured three hours afterward.

The case was brought here on a change of venue from the Delaware circuit court.

Examination of the venireman for the jury began today. That this may take considerable time was the opinion of the attorneys.

Self-defense is to be the basis of the defense's fight.

From indications today the case will be one of the hardest fought legal actions in the history of the Henry circuit court. Judge Forkner, of Newcastle is to aid the prosecuting attorneys of Henry and Delaware counties, in the prosecution of Craig. W. H. Thompson, well known Muncie attorneys also will aid the state. Judge R. S. Gregory, Walter Gray, Thomas V. Miller of Muncie, and two Newcastle attorneys had charge of the defense.

Craig stabbed Deam when the latter attempted to eject him from the sure-seal room.

Craig asserted Deam had failed to make out a time slip for the right amount of wages due him. Deam's death was almost instantaneous. Craig fled but was captured by a posse of officers and citizens near the outskirts of Muncie a few hours after the stabbing.

ADOPTS RESOLUTION FOR STREET OILING

City Council, in Special Session, Receives No Objections to Engineer's Estimate.

DEFERS ACTION ON ALLEY

The city council at a special meeting last night decided to defer action on the opening of the alley from Washington street east to Pearl street until the next regular meeting. Last night was the time established for hear remonstrances and none was presented. The alley is between Second and Market streets, located near the water and light plant. The resolution calling for the opening of the alley was adopted.

The council also adopted the resolution for the street oiling. No objections were made to the engineer's estimate of the costs of the oiling. The city clerk will make out the costs of the street oiling and it is expected that payments can start within two or three days.

THAT "SUBURBAN" DAY
(Columbus, Republican.)
You who take or read Indianapolis newspapers doubtless have noticed the advertisements luring people from Columbus and other cities in Indiana to Indianapolis for special bargains on Wednesday of each week. A Columbus woman read one of these advertisements and noticed that a garment usually sold for \$1 could be purchased on bargain Wednesday for 49 cents. That was too much of an inducement to pass by so she went to Indianapolis and visited the store. It's a sore spot now but her husband continues to tell her that she should have known the Indianapolis dealers were trying to palm off their old stuff on the "country people." The woman wouldn't have the "bargain" as a gift and she brought her 49 cents back home with her, less her car fare.

SHORT COURSE IS TO BE TRIED HERE

Continued from Page 1.

stitute instructors are generally persons who have experience in their work they are not connected with the Purdue university staff. In this respect the short course differs from the institute. Every instructor is the best in his line and is a member of the Purdue faculty. The best thoughts of their respective lines will be brought to the doors of the Rush county farmers.

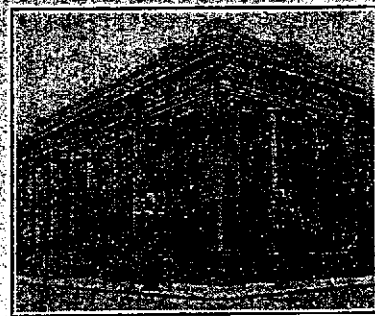

Mr. Frier said that the short course should not be underestimated. He said it required an immense amount of work and that it was not a task for two or three men. He declared that it meant a sacrifice of time for a large number of men and that if the short course was to be given the committees may as well go to work at it with the expectation of having something to do.

Glycerine and Bark Prevent Appendicitis

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Rushville people. Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing.
